Summary

I am a highly motivated and experienced Web Full Stack Developer with 2 years of experience developing and maintaining web-based applications. Proficient in React, Node.js, HTML, CSS, JavaScript, and SQL, with a strong understanding of RESTful API design and implementation. Adept at collaborating with cross-functional teams to identify and solve complex problems, and committed to writing clean, maintainable, and well-documented code. Seeking a challenging role where I can make a positive impact.
